

Family planning, fertility control method survey

_____ Are you sexually active? If your answer is no, stop here.

_____ Are you and your partner/spouse intentionally trying to have a baby? If yes, stop here.

How do you prevent pregnancies? Check all that you use.

_____ Withdrawal method: man withdraws before ejaculation

_____ Calendar rhythm method: avoid the middle of the menstrual cycle

_____ Condoms used by the man

_____ Birth control pill

_____ Birth control injection

_____ Other (specify):

If you checked more than one above, which do you use most often:

Would you use some other method if you could?

What method would you use if you could?

What stops you from using that method?
